June 5, 2018 4:12 AM EST

LONDON & NEW YORK & SINGAPORE & HAMBURG & CHICAGO – (BUSINESS WIRE) – **iXledger**, a pioneer in blockchain enabled insurance solutions, and **unisonSteadfast**, one of the largest international broker networks, with over 590 brokers in 130 countries, 22,000 employees, and over USD 20 bn in gross written premium, today announced a partnership to develop a solution based on iXledger’s blockchain enabled platform to streamline work processes and expand services to their members and customers.

The initial phase of the strategic partnership is focused on implementing solutions to drive value through network management, communications and knowledge sharing. In addition, it is our vision to create a next-generation online marketplace and client management platform that will utilize iXledger’s blockchain technology.

*“Blockchain enabled solutions have great potential to enhance member services, increase customer engagement, grow revenue and increase efficiencies,”* Wolfgang Mercier, President and CEO of **unisonSteadfast** said. *“Partnering with iXledger will enable us to utilize the capabilities of blockchain technologies to streamline processes in an increasingly complex regulatory landscape, especially when dealing with cross border communications and compliance.”*

*“unisonSteadfast has a reputation for facilitating excellent service and the use of state-of-the-art technology solutions, which has enabled growth over the past decade,”* Ingemar Svensson, Founder and CEO of **iXledger** said. *“We are excited that a global insurance organisation like unisonSteadfast has recognised the capabilities of iXledger and engaged our company as their blockchain technology partner. We are confident that our partnership will result in greater control and visibility across complex workflows across the member network, achieving greater efficiencies.”*
