

# Facts & Figures

## Members per year:

## Insurance beyond borders.

UnisonSteadfast is an owner-operated independent insurance broking network, connecting like-minded insurance professionals around the globe since 2005. As the external international department and global insurance coordinator of our members, we facilitate managing global insurance programs and local solutions for brokers and multinational corporations. With us, our members and cooperation partners benefit from streamlined processes, uniform service standards, and one central point of contact for all global insurance needs.

## USP:

Your premier choice for seamless global insurance coordination.
